

OVER THE HILL GANG LOS ANGELES

A SPECIAL MESSAGE FOR VISITORS TO THE
OVER THE HILL GANG LOS ANGELES WEBSITE

Dear Visitor,

Welcome to our website. You have found a wonderful place for folks 50 and above who like to enjoy physical activities with people in their own age group. I have been a member of the Over the Hill Gang Los Angeles for many years and have found it very rewarding and it has renewed my interest in physical activities, such as hiking, bicycling, skiing, etc. and has introduced me to new activities such as kayaking which I love. I have found this to be the most accepting and friendly group, and I have made many new friends in the Over the Hill Gang Los Angeles.

We enjoy traveling and seeking new adventures, as well as just get-togethers with people in our age range. Some of us have joined because many of our friends are not as active as they used to be or never were. If you are a positive, venturesome individual or a couple who enjoys outdoor activity, give us a try. Our Membership Officer, Jacky Godo Kiss, will send you an information packet that contains an application form and additional information or you may download an application from this website. We welcome visitors at our activities and Jacky can fill you in on the details.

If you are at Mammoth during one of our midweek ski times, please feel welcome to drop into the Sierra Nevada Rodeway Inn lobby around 5:00 p.m. when we gather for some social time or feel free to approach us on the hill if you see our badges. I look forward to meeting you and answering any questions.

Sincerely,

DB (Doris) Lion, President
