

**A SPECIAL MESSAGE FOR VISITORS TO THE
OVER THE HILL GANG LOS ANGELES WEBSITE**

Dear Visitor,

Welcome to our website. I hope you will take a few minutes to acquaint yourself with our activities. Suzanne and I have been members of the Over the Hill Gang Los Angeles for more than twelve years. We and our fellow members value our leisure time, and we know it's well spent with in the congenial company of others in the Over the Hill Gang Los Angeles.

Our members join because they love outdoor recreational activities – skiing, hiking, biking, and beach activities. We enjoy traveling and seeking new adventures with people we enjoy spending time with. Many of us have joined when our long time friends are no longer able to participate in physical activity, but we choose to continue favorite pastimes in the company of active, like-minded people. Others have joined when the consuming loads of business and family have lightened, allowing the resumption of activities they enjoyed in the past. Many of us have continued our membership over the years and have a legacy of shared experiences and stories.

If you are a positive, venturesome individual or couple who enjoys outdoor activity, I think you'll fit right in. Our Membership Officer, Jacky Godo Kiss will send you an information packet that contains an application form and additional information – or you may download an application from this website. We welcome visitors at our activities and Jacky can fill you in on the details. If you are at Mammoth during one of our midweek ski times, please feel welcome to drop into the Rodeway Sierra Nevada Inn lobby around 5:00 p.m. when we gather for some social time. I look forward to meeting you.

Sincerely,

Jim Raymond, President
